

DRINKWATER

Pipeline Pigs

Drinkwater carries a full range of pigs and will help you decide which one is right for your job.

Our goal is to optimize your pipeline's performance and make your job easier. We do this through timely deliveries and responsive customer service. Our large inventory of pigs includes a variety of sizes, materials and configurations to offer an economical solution to your situation, whether that be batching, cleaning or dewatering for single- or dual-diameter pipelines.

Steel Body, Foam, and Cast Urethane Pigs

Single- and Dual-Diameter Pipeline Options

Pig Tracking Equipment and Passage Indicators

Custom-Designed Pigs for Unique Scenarios

Pipeline Integrity Solutions

OUR PIGGING PRODUCTS

■ Foam

- Great for light cleaning and sweeping liquids
- Flexible and safe to run in most bends
- Cost-effective and customizable
- Multiple foam densities offered

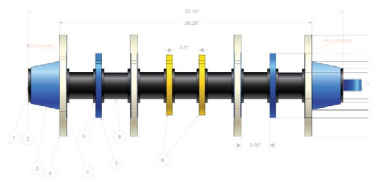

■ Cast-Urethane

- Rugged and versatile
- Great for batching cleaning, and dewatering
- Three hardnesses available
- No metal parts and reusable

■ Steel Body

- Heavy-duty pigs for maximum cleaning
- Able to travel long distances
- Replaceable cups and discs
- Wide range of configurations

■ Custom Pigs

Through Drinkwater's custom solutions, we have the ability to design and manufacture custom pigs for any environment, specifications, or job requirements. Whether it is modifying an existing pig or designing something brand new, we believe that attention to detail can make all the difference.

WE'RE MORE THAN JUST PIGS.

Pig Accessories

Along with our pigs, we offer a full range of pigging accessories and products such as pig sigs, closures, o-rings, and replacement parts.

Pigging Strategies and Plans

Our pipeline experts can not only select the best pig for your job but can also work with you on your maintenance pigging strategy and step-up pigging plans.

Pig Tracking Equipment

Drinkwater keeps a wide range of tracking equipment for rental or purchase and has the hands-on experience to help you with product selection and tracking strategy.
